PROFESSIONAL SUMMARY

React Front-End Developer specializing in React.js and JavaScript (ES6+) with hands-on experience building responsive web applications. Skilled in REST API integration, authentication, reusable component architecture, Git workflows, and clean code practices. Passionate about developing scalable, user-focused applications and continuously learning modern front-end technologies.

TECHNICAL SKILLS

Languages & Core: HTML5, CSS3, JavaScript (ES6+), Object-Oriented Programming

Frameworks: React.js, React Router, Context API, Component-Based Architecture

Styling & Responsive Design: Tailwind CSS, Bootstrap, Flexbox, CSS Grid

API Integration & Tools: REST APIs, Axios, Fetch API, Git, GitHub, VS Code, Vite, NPM

PROJECTS

Circle - Social Media Platform | *React.js, Tailwind CSS, React Router, Axios, Context API*

- Architected and built a full-featured, responsive social media application from scratch, delivering a consistent user experience across desktop and mobile viewports
- Implemented secure user authentication with login and registration flows to control access to core application features
- Developed complete CRUD functionality for posts and comments, allowing users to create, edit, and delete content in real time
- Integrated REST APIs using Axios for reliable data fetching and submission, with structured error handling for failed requests
- Managed global application state using Context API and implemented skeleton loading states to improve perceived performance

Adasa Photography Website | *React.js, React Router, JSON, CSS*

- Developed a fully responsive photography portfolio website, optimized for consistent rendering across screen sizes
- Structured page content using JSON data sources, enabling scalable and easily maintainable content updates
- Implemented client-side routing with React Router for smooth, seamless navigation between gallery pages

EDUCATION

Bachelor of Technology, Management Technology and Information Systems (TIS) | *Port Said University Graduated: June 2026 | Grade: Very Good with Honors*

TRAINING & ACTIVITIES

Front-End Development Diploma | *Route Academy | Oct 2025 – Apr 2026 (6-Month Diploma)*

- Completed a comprehensive 6-month Front-End Development Diploma covering HTML5, CSS3, Bootstrap 5, JavaScript (ES6+), DOM, BOM, AJAX, jQuery, Tailwind CSS, TypeScript, and React.js.
- **Recognized as a Top Performer** for outstanding performance throughout the diploma and **achieved a perfect score (100%) in the Bootstrap assessment.**
- Built multiple projects while applying responsive design, component-based architecture, and modern JavaScript concepts.

Front-End Web Development Program | *National Telecommunication Institute (NTI) — 120 Hours | Jul-Aug 2024*

- Completed a 120-hour Front-End Development program covering HTML5, CSS3, Bootstrap, and JavaScript with 100% overall program evaluation
- **Awarded Best Final Project Idea** among program participants, reflecting strong initiative and applied problem-solving

Front-End Web Development Bootcamp | *TROSC*

- Successfully completed a practical Front-End Web Development Bootcamp focused on building responsive and modern web interfaces covering HTML5, CSS3, Bootstrap 5, and JavaScript (ES6).
- **Achieved Grade: A**, demonstrating strong technical performance and consistent problem-solving skills.

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (Intermediate) | **Currently Learning:** Advanced React.js, Next.js, TypeScript

Soft Skills: Problem Solving, Teamwork, Communication, Adaptability, Attention to Detail

Military Status: Exempted from Military Service
